**TO WHOM IT MAY CONCERN**

This letter service to confirm that Mr. Carlo Bakker CEO/Founder of World Mobile Plants, participated as a speaker at **IIR's Emissions Trading and Carbon Markets Forum 2008**, at the Garden Court, OR Tambo Intl. Airport.

Mr Bakker addressed the following in his presentation:

- Vision, Mission, Values and Business Strategy for World Mobile Plants Projects
- Township and Farming Models
- Investment Opportunities of Bio diesel from vegetable oil
- Carbon credits generated by projects
- Relationship with EcoSecurities and developments thereof
- Social and Community sustainability challenges and successes

The delegates and speakers gave good feedback on his presentation and found him to be very informative. Carlo Bakker's experience within this field was well received; the contents of his presentations were well crafted. IIR recommends Mr. Bakker as a speaker for upcoming similar events without reservations.

Kind Regards
